Purpose of the proposal and its anticipated effects, including any changes in existing rules: To remove language governing the duration of basic state training and registry system (STARS) training.

Reasons supporting proposal: Rulemaking is needed to remove language specifying the duration of basic STARS training in order to implement the new STARS curriculum, which requires thirty hours to complete. Whereas, existing WAC language specifies that basic STARS training has a twenty hour duration. The new STARS curriculum for providers contains additional training on safe sleep practices for infants to prevent sleep related incidents. Further, the new curriculum incorporates new research, updated child guidance training aligned with best practices, and additional information tied to early brain and biological development, and is aligned with DEL's child care quality framework.

Statutory authority for adoption: RCW 43.215.060, RCW 43.215.070; chapter 43.215 RCW
