Director Approved:			

The Department of Early Learning (DEL) is responsible for licensing activities to ensure that standards of health and safety are present in child care facilities in accordance with Washington State law and administrative code (regulations). The term “child care facility” is used to indicate licensed family child care homes, child care centers and school-age programs.

Purpose

Clarify, describe and standardize the agency process for internal policy development, approval, implementation, training, and quality improvement for licensing staff, supervisors, Regional Administrators, Child Care State Licensing Administrator, and State Office personnel involved in drafting and reviewing child care regulations, internal licensing policy and procedure manuals. Expectations of DEL personnel are clarified in this policy and it’s accompanying Licensing Policy Development Procedure.

Policy

DEL personnel will adhere to all components of the attached Licensing Policy Development Procedure. In addition, DEL personnel are expected to:

- I. Research each proposed policy thoroughly. DEL assigned staff will research best practice standards, national standards and practices, and prior licensing history when developing licensing policy and procedure.
- II. Participate in the policy development process. This includes actively participating in the various feedback and data-collection efforts.
- III. Review and revise DEL licensing policy, as required.
- IV. Appropriately prepare all draft licensing policy materials for the director’s signature.
