

Washington State Department of Early Learning

✓ Electronic Attendance System

All providers who accept Working Connections Child Care subsidy payments must use an approved electronic system by July 1, 2018 for tracking attendance in order to continue receiving subsidy payments.

Are you using an approved electronic attendance system? If not, learn how you can become trained on the Department of Early Learning's electronic attendance system. Trainings are scheduled through the end of June. We encourage you to attend training early so you have plenty of time to set up and use your system before July 1, 2018. Online training and a self-paced workbook are also available. Trainings are in English, Spanish, and Somali. Providers who speak another language may request interpretation services by contacting electronic.attendance@del.wa.gov. For more information on trainings, visit: <http://del.wa.gov/Attendance-Support>.
